

We understand the KLOVE radio signal could be replaced by an LPFM station. Please do not allow this. KLOVE is a GREAT radio station! They offer encouragement ALL DAY LONG. We would be at a loss without their positive influence throughout the day. Our community enjoys their refreshing format, which is so different from any other station available. They could not be easily replaced. Have you listened???? They are the BEST! Please don't disrupt this encouraging, positive influence on our home and community.
Thanks
